PROFILE SUMMARY

Total experience: 2+ years in Infrastructural Management & Azure Technologies Engineer

DXC experience: January 2024 - Present

Results-driven IT professional with almost 2 years of experience in infrastructural management and Azure technologies. Microsoft Certified Azure AI Engineer with proven expertise in Java, Python, and cloud technologies. Demonstrated ability to deliver client-centric solutions through strong problem-solving skills and collaborative teamwork. Seeking to leverage technical proficiency and digital transformation experience to contribute to the mission of excellence in technology consulting and services.

TECHNICAL EXPERTISE

Primary Skills	Experience	Secondary Skills
Java, Python, C++, C#, JavaScript, PHP, Unix/Shell Scripting	1 year	Azure AI Services, Azure Cloud Platform
HTML5, CSS3, Full-Stack Development, LAMP Stack	2 years	MySQL, NoSQL, Database Design & Optimization
Power BI, Minitab, VMware, True NAS, Apache, Git	2+ years	Lean Six Sigma Black Belt, DMAIC, FMEA

Additional skills: QFD, Kano Analysis, 8D Problem Solving, Root Cause Analysis, Five Forces Analysis, Lean JIT, Pareto Analysis, Cyber Security

Operating Systems: Windows, macOS, Linux

EXPERIENCE SUMMARY

- Orchestrated infrastructure monitoring and maintenance for multiple enterprise clients at DXC Technology, maintaining 98% SLA compliance across 200+ monthly technical incidents.
- Automated routine infrastructure tasks using Python scripts and Azure technologies, decreasing manual intervention time by 40% across 3 client accounts.
- Leveraged Azure cloud infrastructure for digital transformation, reducing infrastructure costs by 15% and improving system response times by 25%.
- Delivered client-centric solutions through infrastructure upgrades enhancing service delivery quality by 20%; documented procedures reducing ticket resolution time by 35%.
- Developed full-stack web applications and engineered MySQL database schemas, optimizing query performance by 40% through indexing and normalization.
- Applied Lean Six Sigma Black Belt, FMEA, RCA, QFD, and Kano Analysis methodologies for process improvement and quality management.

DOMAIN EXPERTISE

Domain	Specific Area
Cloud & Infrastructure	Azure Infrastructural Management, Cloud Optimization
Quality Management	Lean Six Sigma (Black Belt), FMEA, RCA, QFD, Kano, 8D, Pareto
Full-Stack Development	Web Applications, Database Design, RESTful APIs
Data & Analytics	Power BI, Minitab, Statistical Analysis, Reporting

EDUCATION BACKGROUND

Degree	Qualification	College/University	Year
MCA	Master of Computer Applications	Atria Institute of Technology, Bengaluru	Feb 2024 – Nov 2025
BCA	Bachelor of Computer Applications	Indian Academy Degree College Autonomous, Bengaluru	Aug 2020 – Nov 2023
Pre-University	CEBA	UAS and VC PU College, Bengaluru	2018 – 2020
Schooling	Secondary Education	Allwin Public School, Bengaluru	2018 Pass out

PROFESSIONAL CERTIFICATIONS & TRAININGS

Certification	Institution	Issued Date	Status
Microsoft Certified: Azure AI Engineer Associate (AI-102)	Microsoft	11-10-2025	Active
Microsoft Certified: Power BI Data Analyst Associate (PL-300)	Microsoft	31-10-2025	Active
Microsoft Azure Fundamentals (AZ-900)	Microsoft	21-10-2025	Active
Lean Six Sigma Black Belt	SIX SIGMA Academy Amsterdam	12-10-2025	Active
AIGPE Lean Six Sigma Black Belt Certification	AIGPE	13-10-2025	Active
AIGPE Lean Six Sigma Green Belt Certification	AIGPE	11-10-2025	Active
AIGPE Lean Six Sigma Yellow Belt Certification	AIGPE	12-10-2025	Active
AIGPE Lean Six Sigma White Belt Certification	AIGPE	25-11-2024	Active
AIGPE Certified QFD Specialist	AIGPE	28-10-2025	Active
AIGPE Certified 8D Problem Solving Expert	AIGPE	22-10-2025	Active
AIGPE Certified Kano Analysis Specialist	AIGPE	09-02-2026	Active
AIGPE Certified Pareto Analysis Specialist	AIGPE	28-10-2025	Active

AIGPE Certified Root Cause Analysis Specialist	AIGPE	10-02-2026	Active
AIGPE Certified Five Forces Analysis Specialist	AIGPE	15-10-2025	Active
AIGPE Certified Minitab Beginner	AIGPE	15-10-2025	Active
AIGPE Certified FMEA Specialist	AIGPE	15-10-2025	Active
AIGPE Certified Lean Just-In-Time Specialist	AIGPE	28-10-2025	Active
Cyber Security Certification	Edify Institute	1-15-2023	Active

EMPLOYMENT HISTORY

Project name: Infrastructural Management & Digital Transformation with Azure technologies	**Start date:** January 2024
Client: Multiple Enterprise Clients	**End date:** Present
Project location: Bengaluru, Karnataka, India	**Team size: 30+** members

Project description: End-to-end infrastructure monitoring, maintenance, and digital transformation support for multiple enterprise clients. Responsibilities span cloud operations, automation, incident resolution, and client-centric solution delivery using Azure and Python technologies.

Responsibilities

- Orchestrated infrastructure monitoring and maintenance activities for multiple clients, ensuring system uptime and performance standards.
- Automated routine infrastructure tasks using Python scripts and Azure technologies, decreasing manual intervention time by 40% across 3 client accounts.
- Collaborated with cross-functional teams of 8+ members to troubleshoot and resolve 200+ technical incidents monthly, maintaining SLA compliance of 98%.
- Leveraged Azure cloud infrastructure for digital transformation, optimizing resource allocation and reducing costs by 15%.
- Implemented performance monitoring solutions identifying bottlenecks, resulting in 25% improvement in system response times.
- Delivered client-centric solutions through infrastructure upgrades enhancing service delivery quality by 20%.
- Documented technical procedures and created knowledge base articles, reducing average ticket resolution time by 35%.

Project name: Full-Stack Web Application Development	**Start date:** 2023
Client: Internal Clients	**End date:** 2023
Project location: Remote	**Team size:** 10 developers

Project description: Full-stack web development internship at Talent Brainy. Developed and deployed responsive web applications and optimized database performance using modern web technologies and Agile methodology.

Responsibilities

- Developed and deployed 2 responsive client web applications using HTML5, CSS3, JavaScript, and PHP for internal use.
- Engineered MySQL database schemas optimizing query performance by 40% through proper indexing and normalization.

- Integrated RESTful APIs enabling seamless data exchange between front-end and back-end systems, improving responsiveness by 30%.
- Collaborated with team of 4 developers using Agile methodology, delivering projects 15% ahead of schedule.

KEY PROJECTS

Money Manager – Daily Expense Management System

- Architected full-stack financial tracking application using JavaScript, PHP, MySQL, and Apache for expense and income monitoring.
- Implemented secure user authentication and role-based access control ensuring data protection compliance.
- Designed intuitive UI/UX reducing user onboarding time by 50% and increasing user engagement by 65%.

Network Attached Storage (NAS) Solution using Raspberry Pi

- Deployed cost-effective NAS infrastructure using True NAS OS on Raspberry Pi, providing 2TB shared storage for 15 users.
- Configured automated backup protocols ensuring 100% data redundancy and zero data loss incidents.

Heritage City Website (Paris) & Science Club Website

- Developed responsive, mobile-first websites using HTML5, CSS3, and JavaScript, achieving 95+ Page Speed Insights score.
- Optimized website loading time by 60% through code minification and image compression techniques.

ACHIEVEMENTS & RECOGNITION

- 1st Prize – State Level Coding Championship SHRISTI, awarded by Dr. S. Somanath (ISRO Chairman).
- 1st Prize – GenZ Quiz, Inter-college event VIGYAANRANG.
- 2nd Prize – TECHNOBINGE 2K21, National Level Collegiate Fest (Event: EVENTILIA).
- 2nd Prize – Inter-college Championship Techforte-2K21, Presentation on Robotics.
- Core Student Coordinator – Inter-collegiate Fest CUEST-2K24.
- School Captain & Class Representative – Leadership and organizational excellence.
- Champion – Inter-school Kabaddi and Football Championships.
- Champion – Intra-college Quiz, Debate, and Poster Designing competitions.

LEADERSHIP & VOLUNTEERING

- Coordinated Diabetes Awareness Camp for Neuberg Anand Reference Laboratory, reaching 500+ participants.
- Active member of Computer Club, Debate Club, and Student Council.
- Volunteered in Blood Donation Camp and Reforestation Awareness Program (IADCA).
- Volunteer at CLT India, contributing to community development initiatives.

ADDITIONAL INFORMATION

Languages: English (Fluent), Hindi (Fluent), Kannada (Fluent), Bengali (Native)

Interests: Automotive Research & Analysis, Mobile Photography, Sports, Music Production, Chess, Cricket
